R. & J. FARQUHAR & CO.

WHOLESALE PRICE LIST.

**SEEDS, BULBS AND PLANTS
FOR FLORISTS.**

BEGONIA CALEDONIA.

White Variety of Begonia Gloire de Lorraine, Introduced and first offered for sale in the United States by R. & J. Farquhar & Co.

— HEADQUARTERS FOR ALL LORRAINE BEGONIAS. —

6 and 7 South Market St., Boston.

TO FLORISTS.

THIS CATALOGUE IS FOR FLORISTS ONLY.

PRICES.—The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable Seeds in packets, 25%; Flower Seeds in packets, 33½%; Bulbs, except new specialties, 25%; Flower Seeds in Imported Collections, 10%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS CASH unless by special agreement. Parties unknown to us will please remit with the orders or give satisfactory references.

All credit accounts are due in thirty days, and subject to sight draft if unpaid thereafter.

SEEDS BY MAIL. We mail free, seeds ordered at **packet** and **ounce prices**. seeds ordered at **pound prices**, remit at the rate of **10 cents per pound** for postage.

NON-WARRANTY. R. & J. Farquhar & Co. give no Warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

R. & J. Farquhar & Co.

BEGONIA CALEDONIA.

White Variety of Begonia Gloire de Lorraine.

Last year European horticulturists were startled by the unexpected appearance of a pure white variety of **Begonia Gloire de Lorraine**, which when exhibited in London received the well merited distinction of the First Class Certificate of the Royal Horticultural Society. Desirous of placing this new plant within the reach of our customers at the earliest moment, our MR. JAMES FARQUHAR made a special trip to Europe and brought back with him the first plants which had passed from the originator's possession, and we have been the first to offer this splendid novelty to the United States.

Caledonia has the same beautiful foliage as "Gloire de Lorraine," the same habit, the same height, the same marvelous floriferousness, the same persistency of petal, the same continuity of flowering, while it has proved itself of even more vigorous and robust growth.

In order to give this splendid new plant the earliest and widest distribution, we have decided to offer plants to Florists for June delivery at the following prices, viz.: **Plants from 2½ inch pots**, each, \$0.50; per dozen, \$5.00; per 100, \$40.00.

To avoid disappointment, customers should send their orders at once, which will be filled and executed in rotation as received. For the protection of small growers we reserve the right to reduce or reject orders for large lots.

BEGONIA GLOIRE DE LORRAINE, Nana Compacta. THE LIGHT PINK VARIETY. OUR OWN NOVELTY.

This beautiful Begonia differs from Gloire de Lorraine in being of upright instead of drooping habit, bearing enormous trusses of bright salmon-rose flowers, lighter than those of the parent, of larger size, more numerous and lasting much longer. Many of our plants grown in 4-inch pots, first season carried from 300 to 400 fully expanded blossoms at one time.

Awarded a Silver Medal on
Oct. 2nd 1901, by the Massa-
chusetts Horticultural Society
for its improved habit and su-
periority over the type, as a
household decorative plant.

CULTURAL NOTES.

These Begonias should be grown in a moderately cool temperature; forcing in strong heat weakens them and shortens the flowering period.

As house plants they are most satisfactory and continue in bloom for months if not exposed to strong furnace or steam heat, nor allowed to dry out.

Plants from 2½-in. pots, July delivery. Per dozen, \$1.50; Per 100, \$10.00.

BEGONIA GLOIRE DE LORRAINE. THE ORIGINAL VARIETY.

Plants from 2½-inch pots, July delivery. Per dozen, \$1.50; per 100, \$10.00.

EVANS' BOSTON GIANT MIGNONETTE.

PRONOUNCED BY OUR LEADING FLORISTS

"THE FINEST MIGNONETTE GROWN."

GENUINE ONLY FROM R. & J. FARQUHAR & CO.

We have again purchased of Mr. Charles Evans the entire seed crop of his splendid new Mignonette, which has caused so much surprise and admiration of the Boston Flower Market.

WALTHAM, MASS., Dec. 20, 1900.

MESSRS. R. & J. FARQUHAR & Co.,

Dear Sirs: — I herewith send you the entire crop of my "Evans' Boston Giant Mignonette" seed harvested during the present year; I have sold none to any other party.

Yours very truly, CHAS. EVANS.

BOSTON, MASS., July 19, 1899.

Mr. Charles Evans has surprised the market with his new Mignonette. Nothing like it has ever been seen here, and he readily sold all he could cut at his own price.

JOHN WALSH, Manager,
Boston Flower Market.

BOSTON, MASS., July 19, 1899.

I have used from fifteen to twenty dozen of "Evans' Boston Giant Mignonette" daily, and can say truthfully it is the finest and most fragrant Mignonette grown.

THOMAS F. GALVIN.

BOSTON, MASS., July 19, 1899.

The "Evans' Boston Giant Mignonette" is vastly superior to any other sort the florists use. The erect flower spikes are of enormous size, dense and fragrant. It sells at sight. I have sold from fifteen to thirty dozen daily.

WM. E. DOYLE.

Ounce, \$2.50. One-fourth ounce, .75. Trade pkt., .25.

For other varieties of Mignonette see page 13.

Delaware Park, Buffalo, N. Y., Jan. 30, 1901.

Messrs. R. & J. Farquhar & Co., Boston, Mass.,

Dear Sirs: — You will receive through our auditor Mr. Brothers, in a day or two our Seed list for this Spring. We have always had success with your seeds, and particularly the finer Greenhouse sorts, which you will notice are what we purchase from you.

Truly yours,

JAMES BRAIK, Asst. Supt.,
Department of Parks.

Farquhar's Columbian Prize Cyclamen.

We furnish the finest Cyclamen Seeds in cultivation.

At the WORLD'S COLUMBIAN EXPOSITION, Chicago, we were awarded both Grand Medal and Diploma.

"Garden and Forest," in commenting on the Exhibition of Cyclamen Plants at the World's Fair, at which specialists from all over the world had exhibits in competition, says:

"The exhibit of R. & J. Farquhar & Company, Boston, is one of the largest and makes the best impression as a whole. Their **Mont Blanc Cyclamen** is the finest white in the Exhibition, if not the best of any strain. The contrast was great between the small-flowering type (of other exhibitors) and the large flowers in the exhibition of R. & J. Farquhar & Company."

Messrs. R. & J. Farquhar & Co.,

Gentlemen:—Your Cyclamen are the finest I have ever grown. Every seed germinated; the plants are handsome, with flowers ranging from pure white to dark crimson.

The blooms are so large and borne on such stout stems, that I have used them most satisfactorily for cutting purposes. Every one who sees them pronounces them the best ever seen. Yours very truly, C. J. W., Gardener to Mrs. J. S.

Messrs. R. & J. Farquhar & Co.,

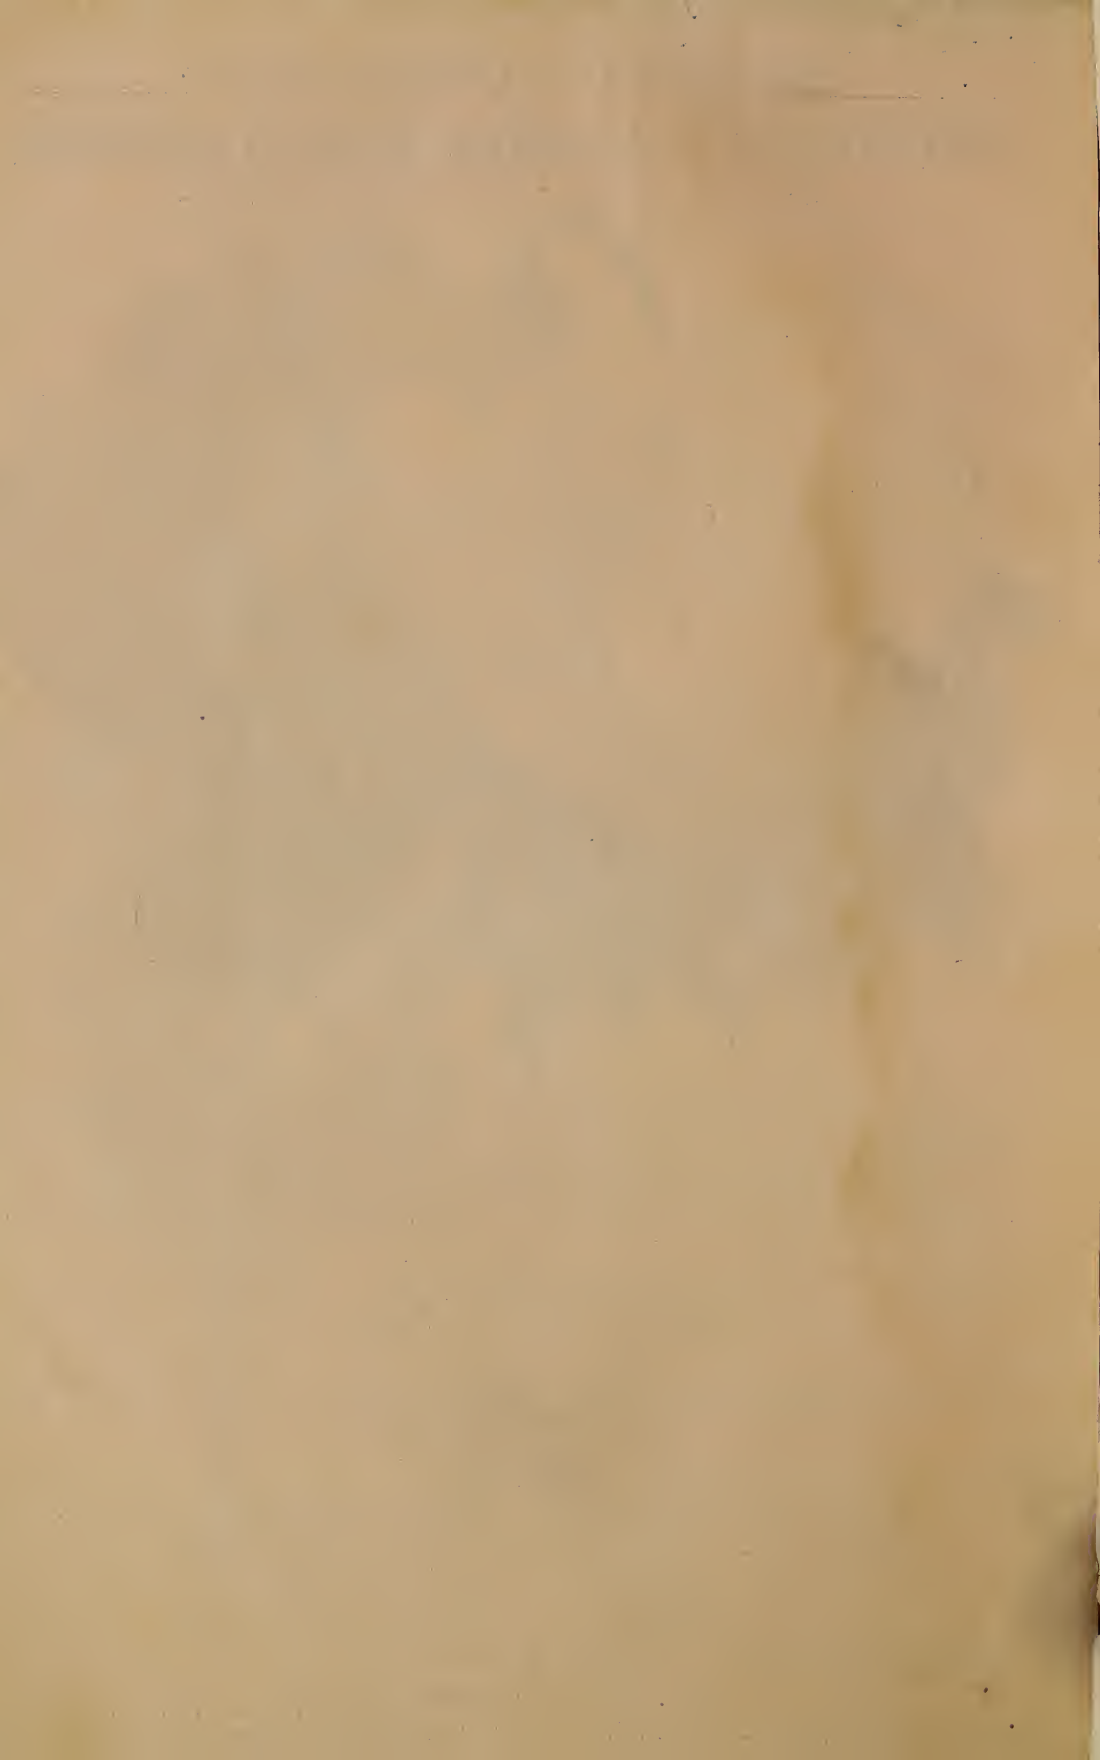

Gentlemen:—You will be pleased to learn that the Cyclamen seeds I had of you last year have turned out admirably. The plants are now in full bloom and are truly grand. The flowers are of enormous size, splendid substance, and their erect, stout stems hold them well above the leaves. I have never seen a finer strain.

Yours very truly,

D. F. ROY, Supt. Estate of Hon. E. S. Converse.

Insecticides and Tools.

Florists desiring to purchase these are referred to our Retail Catalogue for a complete list, from which they will be allowed discounts as stated on page 2 of this Wholesale Price List.

VEGETABLE SEEDS.

FARQUHAR'S EARLIEST DWARF ERFURT CAULIFLOWER.

BEST FOR EARLY. BEST FOR LATE. BEST FOR FORCING.

And the SUREST HEADER of all.

This strain is grown especially for us, by the most reliable grower in Northern Europe, where the finest type and quality of cauliflower is grown. The trade we have for Cauliflower Seed is large. Our customers consist of private and market gardeners and large growers. Every effort is made to secure the best there is in Cauliflower as well as in all other seeds.

Good seed is absolutely necessary for success in growing Cauliflower. Our seed is most carefully grown, and **with reasonable care every plant will produce a fine head.** Pkt., .25; $\frac{1}{4}$ oz., \$1.00; oz., \$3.50; $\frac{1}{4}$ lb., \$12.00.

Messrs. R. & J. Farquhar & Co.

Gentlemen:—The Cauliflower Seed we bought of you last spring did remarkably well, the best in Scituate, and were considered as good by good judges as any on the street in Boston market. Pulsifer, Savage & Co. handle a good many of them.

Yours very truly,

Scituate, Mass., Jan. 18, 1900.

TILDEN BROS.

CELERY.

Paris Golden Self-Blanching; the standard of excellence as an early sort. Very early, entirely self-blanching, handsome color, crisp, tender, free from stringiness, fine nutty flavor. The most striking variety on the table or market stall, and unquestionably the best keeper of all self-blanching varieties. Boston Market Gardeners tell us that our seed is the best obtainable. Oz., .40; $\frac{1}{4}$ lb., \$1.50.

Crosby's Original Boston Market. Private stock. We offer our customers seed of the true Boston Market Celery as raised by the originator. Oz., .40; lb., \$5.00.

RADISH.

Early Deep Scarlet Olive-Shaped, Short Leaf. One of the most desirable varieties for forcing. The skin is a very deep bright red color; flesh crisp, tender and of good quality. This variety is known in some sections as the "Leafless" or "Three Leaf" on account of the leaves being so few, short and small. $\frac{1}{4}$ lb., .30; lb., \$1.00.

Earliest Scarlet French Forcing Turnip or Non Plus Ultra. This has as small a top and is as early as any variety in cultivation, making it one of the best for forcing. Roots fit for use may be had in 18 to 20 days from time of sowing. Roots small, globular, deep rich red color; flesh white, crisp and tender when young. May be planted very closely, owing to its small tops. A splendid sort for hot-bed or greenhouse. $\frac{1}{4}$ lb., .50; lb., \$1.00.

Early Scarlet Globe. This variety makes root fit to pull as early as Non Plus Ultra, but they are much larger when full size. We recommend this specialty to gardeners whose markets demand a large, round, forcing radish. One of the best for growing under glass. $\frac{1}{4}$ lb., .30; lb., \$1.00.

MUSHROOM SPAWN.

English Milltrack. Made expressly for us by the most successful grower in England. Our English Milltrack Spawn is always fresh, as we have an importation arriving every six weeks. 10 lbs., \$1.00; 100 lbs., \$7.50.

We recommend the following books on

Mushroom Culture:

Mushroom Culture, Robinson..... .50

How to Grow Mushrooms, Falconer... 1.00

Free by Mail at above prices.

CUCUMBER.

Farquhar's Perfection Forcing. An excellent and very much improved strain of White Spine. Remarkably smooth and perfect in outline; and longer than any of the old White Spines. Color a clear rich green, bright and permanent. Very robust and quick in growth, being about ten days earlier than the old strains; and in productiveness it ranks first. Flesh thick, exceedingly crisp and of excellent flavor. One of the best sorts for outdoor culture and unequalled for forcing in frames or hot-houses. We offer carefully selected seed of our own growing at oz., .50; $\frac{1}{4}$ lb., \$1.50; lb., \$5.00.

LETTUCE.

Crumpled Leaf. The largest Lettuce grown; the surest header; the best for shipping. Oz., .40; $\frac{1}{4}$ lb., \$1.25; lb., \$5.00.

Boston Forcing Tennisball; White Seeded. Forms fine, perfect, heads very rapidly; crisp and very tender; a true strain on which growers for market rely almost exclusively for heading under glass. Oz., .40; lb., \$5.00.

Hittinger's Belmont Forcing. Larger than the above and almost as early; of excellent quality and highly recommended for forcing. Oz., .40; lb., \$5.00.

TOMATO.

Farquhar's Faultless Early. The standard early tomato. Uniformly medium size; handsome, perfectly round fruit of great density; incompatible; superior to all other varieties for early and main-crop. This stock has been so carefully selected that it is sure to give the most critical grower every satisfaction. Pkt., .10; oz., .30.

President Cleveland. Excelling all others in solidity; smoothness and fine quality; evenly large; ripens clear up to the stem and first-class in every respect; wonderfully productive. Per oz., .30 $\frac{1}{4}$ lb., \$1.00.

Livingston's Perfection. Oz., .25; $\frac{1}{4}$ lb., .75

New Stone. Oz., .25; $\frac{1}{4}$ lb., .75.

Livingston's Magnus. Per pkt., .15; oz., .50.
